

BOLOGNA-RIMINI ROAD SHELLED BY HEAVY ARTILLERY

Ground Forces of 5th Army Smash Closer to Bologna

CAPTURE 4 TOWNS

Fifth Army Consolidates Newly-Won Front-line Positions

ROME, Oct. 10.—(INS)—American Long-Tom artillery heavily shelled the German-held main Bologna-Rimini highway while round forces of the Fifth Army mashed closer to the city of Bologna today.

In limited advances along Highway 65 the Americans of Lieut. Gen. Mark W. Clark's army captured Anconella, Mount Castellazzi and Lavallo and Barbarolo.

The Fifth Army forces consolidated newly-won front-line positions and British troops under command of Gen. Clark moved up to capture an important strategic hill and maintained attacks against German forces entrenched on Mount Cece.

The British met strong resistance and were beaten down repeated German counter-attacks in which the Nazis suffered severe losses.

Negro and Brazilian troops continued steady pressure on their Fifth Army sectors, despite strong German reaction in the form of artillery and mortar fire.

The Nazis counter-attacked on both the Fifth and Eighth Army fronts in an effort to regain every successive position lost.

The weather interfered with air operations but some fighter-bombers and bombers were able to blast Nazi communications targets north of the battle area.

Medium night bombers attacked airfields in Athens, Greece, from which the Nazis were evacuating key army personnel.

CORINTH IS CAPTURED BY ALLIES

Rome—The Allied campaign to liberate the Peloponnesus area of southern Greece was brought to a climax today with the capture of the historic city of Corinth.

Fall of the city to Allied land forces of the Adriatic presaged the imminent liberation of Athens.

Operations headquarters reported that the Germans were evacuating key army personnel from the Greek capital in the face of the swift advance of the Allies in co-operation with Greek patriot forces.

The Germans were attempting to take their army chiefs away from Athens by air.

In an effort to frustrate the evacuation of key army men the Mediterranean air force sent medium bombers over Athens during the night to hammer at airfields in the vicinity of the capital.

The Allied entry into Corinth met no opposition, headquarters said.

The Allied air forces at the same time gave continued support to land forces operating in Albania. Throughout yesterday they attacked targets in the Durazzo and Delvine areas.

Coastal aircraft plastered shipping in the northern Adriatic and one attack was made on Zara harbor where a 500-ton vessel was hit and set afire. Installations also were blasted.

2ND ARMY CAPTURES 78,681 PRISONERS IN FOUR MONTHS

Supreme Headquarters, Allied Expeditionary Force—An official communique from headquarters of Gen. Dwight D. Eisenhower disclosed today that British Second Army forces in France had captured 78,681 prisoners in the four months between D-Day and October 6.

Canadian forces on the continent were credited with seizing 72,392 Nazis in the same period.

QUAKERTOWN TAKES PLAYGROUND OPTIONS

Council Likely To Spend About \$7,500 For the Recreation Tract

PLAN HOW TO USE IT

QUAKERTOWN, Oct. 10.—Ten months' options have been taken on land which includes a number of properties which are to be used for playground purposes.

Borough council states that about \$7,500 may be spent on land between Front and Ninth streets on Mill street and a stretch on the south side of Licking Run. The tract is near the baseball diamond and the headquarters of the American Legion.

The Benner farm is included. Members of Council came to an agreement on the option on the Licking Run property following Elmer Harvey's recommendation from the joint recreation committee.

Work on the playground, it has been pointed out, will be done over a period of time so that no burden will result in financing or operating it. The project may be submitted to the public at a special election, probably this Fall.

The Comrades Chuckled

Washington, Oct. 7. MR. Roosevelt's "repudiation last Thursday of his Communist support was an extremely phony performance. Actually, he did not repudiate anything. All he did was say "I have never sought and I do not welcome the support of any group committed to Communism or Fascism or any other ideology which would undermine the American system of government or of free enterprise and private property."

EVERY comrade in the country must have chuckled over that. It was stuff for the gullible, slick but meaningless, and there was not the remotest chance of losing a single Communist vote. He will get them anyway for Mr. Roosevelt to lose a Communist vote. He will get them all—to the last man and woman, as

Miss Elizabeth Basile Tendered A Shower

Miss Elizabeth Basile, 632 Spruce street, was the guest of honor at a surprise miscellaneous shower held Thursday evening in Beneficial Hall, Franklin street.

The affair was arranged by Miss Jennie Basile, Spruce street, Miss Mary Gallone, Logan street, and Miss Millie Mauro, Penn street. The hall was decorated in red, white and blue. In the center of the room suspended from the ceiling was a large umbrella trimmed in the same colors. Underneath the umbrella were gifts arranged on the floor.

Games and music were enjoyed during the evening and a delicious repast was served. About 60 guests were present from Bristol, Cornwells Heights and Trenton, N. J.

Mr. and Mrs. Maurice Delker Hosts On Their Anniversary

Mr. and Mrs. Maurice V. Delker, 411 Radcliffe street, celebrated their 25th wedding anniversary on October 7th and 8th when their many relatives and friends called upon them at their home here.

In all, 75 guests were entertained during the two days at a buffet supper. The Delkers were the recipients of many gifts.

Mr. and Mrs. Delker were married October 8th, 1919, in the Methodist Church at Frankford by the late Rev. Howard E. Hand.

ATTORNEY GENERAL TO BE MAIN SPEAKER

Hon. James H. Duff to Speak at "Penn's Woods" Dedication Thursday

AT WASH. CROSSING

With the Attorney General of Pennsylvania, James H. Duff, as chief speaker, formal dedication ceremonies are scheduled at noon on Thursday for "Penn's Woods," an interesting new conservation project in Bowman's Hill State Wildflower Preserve at Washington Crossing State Park.

First formal outdoor program to be given in connection with the State-wide observance of the 200th anniversary of William Penn's birth on October 24th, the ceremony is sponsored by the Pennsylvania Conservation Council.

This newest development—"Penn's Woods"—which bears not only the Founder's name but that of the State, covers a 15-acre area within the 100 acre preserve where 12 Nature trails provide a year-round display of Pennsylvania's native flora, trees, shrubs and plants.

Symbolizing the famous Penn Treaty Elm and given by the Garden Club Federation will be an elm tree which is to be planted in Penn's honor at the dedication.

Eventually this will be replaced by a cutting from a scion of the original Penn Treaty Elm now growing on the campus of Haverford College. The cuttings, taken with the permission of Haverford College authorities will be nurtured by Dr. J. R. Schramm of the Morris Arboretum until such time as they may be planted in Penn's Woods.

Presiding will be Mrs. C. C. Zantinger, Chairman of the "Penn's Woods" Committee, and Honorary President of the Pennsylvania Council. It was this group, known formerly as the Council for the Preservation of Natural Beauty in Pennsylvania which originally founded the Bowman Hill State Wildflower Preserve.

"Penn's Woods" with soil suitable for 100 or more varieties of shrubs and trees indigenous to Pennsylvania, is being planted now.

18 Leave Here To Enter Service of Their Country

Eighteen men left Bristol this morning at 8:25 from the Local Selective Service Board. There were 16 in the pre-induction group, one to be immediately inducted if he qualifies and another who was a delinquent to be inducted at once.

Those leaving were addressed on the post office plaza by Percy G. Ford, a member of the Selective Service Board. There was recorded music by the Profy sound truck, and members of the "36 for Victory" were present to present the men with cigarettes.

Representatives of the Robert W. Bracken Post, No. 382, American Legion, were also in attendance.

BUSINESSMEN AND THE NEW DEAL

(Doylestown Intelligencer, October 10th)

(Continued from Yesterday)

The status of tariff under the numerous Reciprocal Trade Agreements which have been signed by President Roosevelt and Secretary Hull is not one which can be fully appreciated by the American public until some months after the war.

Tariff protections have been greatly weakened. A free trade experiment is in the making. War conditions are having the effect both of obscuring the facts and preventing the bad effects.

American industry will need, during the post war period of reconstruction, the sympathetic help of a government determined that necessary protection to American output will be provided.

Protection of the American market is a job which, if not done by our own government, we can hardly expect to be done by any other government in the world.

The American market is the cornerstone of our industrial expansion. We are asking no more than we would grant to any other nation when we demand the right to save our own market for our own producers.

The Democratic theories on tariff have never worked successfully; they have resulted in panic wherever tried; no other foreign nation, including so-called "free trade" Britain, expects to throw open her own doors to unlimited foreign competition with the goods she makes.

A foreign trade policy built on the foundation of a protective tariff is a program which offers great hope of success and prosperity and international co-operation. The illusory promises of the New Deal of an international trade relationship in which there are no "barriers" and under which whomever wishes may sell what he likes wherever he pleases is only another New Deal experiment—different from its predecessors only in that the consequences of its failure will be even more grave.

G. The best proof that the New Deal does not propose to concern itself with the maintenance of sound national economy, sound national credit, and sound currency is contained in the extremely elaborate plans made by New Dealers for super-spending projects whereby artificial jobs will be the ones principally available for returning servicemen.

CIVIL SUITS OPEN AGAINST THEATRE HERE

Mrs. Geneva Marconi and Her Husband Bring Action Against Bristol Theatre

SELECT A JURY

DOYLESTOWN, Oct. 9.—Questions of unusual legal interest are expected to arise in the civil court trial that got under way today before a jury and Judge Calvin S. Boyer in the case of Mrs. Geneva Marconi, 44, and her husband, Pasquale, of Hulmeville rd., Middletown township, against the Bristol Theatre Corporation, of Bristol.

The plaintiffs, represented by Attorney Edward G. Biester, are seeking damages for injuries received by Mrs. Marconi, and medical bills that had to be paid by her husband.

Opening to the jury, Attorney Biester outlined the case, stating that on the evening of November 13, 1942, about 6:50, the plaintiffs went to the Bristol Theatre, Radcliffe and Market sts., Bristol, to attend a moving picture show.

On the way in the theatre, Mrs. Marconi was struck on the head by an overhead metal door-stop that had become loose on the top of the swinging door. It is alleged that she was quite severely injured as a result and was knocked unconscious for a few minutes.

Mrs. Marconi claims that as a result of the head injury, she suffered a miscarriage several days later, and that she now has frequent dizzy spells. She claims that on January 8, 1943, while in a dizzy spell—caused by the door accident—she fell and broke a leg.

Attorney Biester stated that witnesses will be called, medical and otherwise, to testify as to the plaintiff's claim that the defendant was negligent and is responsible for all injuries that ensued as a result of the injury that occurred on Nov. 13, 1942.

The defendant is represented by Attorney Robert H. Grim, of Perkasie. Pasquale Marconi, husband of the other plaintiff, is a machinist by trade.

Members of the jury: Charles V. Carter, Cornwells Heights, foreman; Robert Cameron, Jr., Newportville; Elsie M. Burton, Fallsington; Ada S. Gallagher, Yardley; Hector C. Ivins, Morrisville RD 1; Calvin F. Diehl, Riegelsville; Elsie M. Ewing, Cornwells Heights; John R. Lauer, Southampton; Harriet M. Ingraham, Bristol RD 2; Herbert E. Cottman, Andalusia; Mary Addison, Doylestown; and Willard M. Keys, Morrisville.

In Judge Hiram H. Keller's court the case of Minnie E. Lunick against Estate of Harry Cohen, deceased, was called.

BOROUGH COUNCIL GIVEN COLD SPRING PROPERTY AT EDGELY FOR ADDITIONAL WATER SOURCE; BUYS 18 ACRES MORE

Cold Spring Property Donated to Borough by The Hon. Joseph R. Grundy—Council Authorizes Expenditure of \$12,000 for Adjoining Tract—Other Business Transacted by Bristol Borough Council.

Work of Developing New Source of Water Supply Started This Morning

Development of the Cold Spring property at Edgely, which was given to the borough by the Hon. Joseph R. Grundy, to be used in connection with the development of Bristol's artesian water supply, Borough Council enacted an ordinance by which the Borough acquires an adjoining tract of 18 acres from the K & G Corporation, for the sum of \$12,000.

Councilman Louis C. Spring, chairman of municipal water supply committee of council, stated that as all of the councilmen were aware the borough had for the past number of years been seeking other sources of water supply than that of the Delaware river. "We have developed the Bath property and in seeking additional supply sources started negotiations to acquire a tract of land from the K and G Corporation at Edgely for \$12,000 and Mr. Grundy has offered to donate to the borough the Cold Spring property," Mr. Spring explained that with Mr. Grundy's gift of the Cold Spring property it was deemed advisable for the borough to purchase the K and G Corporation's property so as to have additional land for development and also as a means of protecting the supply to be developed on the land given by Mr. Grundy.

It was stated by Mr. Spring that when the water supply committee decided to attempt the purchase of the Cold Spring property it was found that the land was about to be sold for development purposes, so Mr. Grundy immediately purchased it and said he would donate it to the Borough.

Then when efforts were made to purchase the land adjoining it was found that the tract formerly owned by the Philadelphia Electric Co. had been transferred to the K and G Corporation, but through the efforts of State Senator Howard I. James, borough solicitor and Borough engineer John S. Roberts, Jr., a conference was arranged with Albert M. Greenfield, agent for the property and through Mr. James' friendly relations with Mr. Greenfield and the latter's friendly relations with Bristol Borough, and through the co-operation of the Philadelphia Electric Company, this tract was acquired for \$12,000 with 10 per cent of the purchase price being advanced immediately by Senator James so as to assure the acquisition of the property. Mr. James told Council that he could sell the property at once for \$15,000 if the borough did not desire it.

Mr. Spring introduced an ordinance authorizing the purchase of the tract for the stipulated sum and authorizing the proper officers of the borough to negotiate a loan to acquire the money immediately for the payment of the purchase price.

The ordinance was adopted unanimously upon the suspension of the rules of council after which the ordinance was placed on second reading and final passage.

The letter from the Hon. Joseph R. Grundy offering as a gift to the Borough the Cold Spring Property is as follows:

October 9, 1944
Mr. Louis C. Spring, Chairman
Committee on Municipal Water Supply
Bristol, Pa.
Dear Mr. Spring:
Knowing of the Borough's interest in improving the water supply of our people, I hereby offer to donate to the Borough the Cold Spring

COUNCIL ASKS STATE TO FILL IN PART OF CANAL

Requests That Waterway Be Filled In from Beaver Street to Delaware River TO KEEP REST CLEAN

Borough council, last night, took action to have the canal nuisance here abated or at least the action taken tends toward that end.

Richard T. Myers, chairman of sanitation committee, told the members of council that members of his committee along with John S. Roberts, Jr., borough engineer, and two members of the Board of Health, had met with representatives of the Department of Forests and Waters of the Commonwealth of Pennsylvania and discussed the condition of the canal here and means of abating it as a nuisance.

He said that it was the request of the Commonwealth's representatives that borough council adopt a resolution asking the State to fill in the canal from Beaver street to the Delaware river.

"KILLING FEET"

American women are taken to task because of the punishment they inflict on their feet, by Dr. L. C. McGee, who recently prepared a treatise on how to have healthy feet for the American Medical Association to distribute. He says man calls on his two feet to do as much or more than an animal requires of four.

"When somebody moans, 'My feet are killing me,' that person is attempting to shift the blame. He or she is 'killing the feet,' says the doctor, for the 'shoe is on the other foot.' He calls women the worst offenders. They punish their feet by wearing shoes that fit too tightly or sacrifice comfort to style.

Listen at the end of a movie for shuffling when women try to put their shoes back on in a hurry without reaching down to handle them. Their feet had been 'killing them,' so they slipped their shoes off in the dark, the medical man asserts.

Six rules for caring for feet are given:

"1. Wash the feet daily with soap and lukewarm water. Dry them thoroughly.

"2. Brittle nails and callosities should be covered by ointment to aid softening.

"3. In the care of the nails, cleaning should be done with orangewood sticks. Cut nails only in good light and after a bath when the feet are clean. To avoid injury to the toes, the nails should be cut straight across and not too short.

"4. Overlapping toes, and toes that press closely together, should be separated by a soft material.

"5. One should wear shoes of soft leather which fit properly—that is, not too tight. It is poor economy to wear ill fitting shoes.

"6. Avoid strong, irritating antiseptics."

HONORING THE NURSES

A bill has been introduced by Republicans and Democrats in both branches of Congress to provide a memorial to honor Army and Navy nurses for their work in the war. The memorial would be a club in Washington to be used as headquarters for medical women of the armed services. Money for the project already is being subscribed privately, with the wives of many high-ranking officers in all branches of the service among the sponsors.

The co-operative interest of women related to members of the service reflects the appreciation which the armed forces feel for the patriotic women who volunteer their nursing services in the battle zone. The memorial proposal calls public attention to the splendid work performed by service nurses and the peremptory need of the combat forces for more of the same fine type of American womanhood in the nursing ranks.

The war for world freedom is in its crucial stages, and this means that casualties in the Allied ranks are steadily increasing. The comfort and solace which an American nurse can give a stricken soldier far from home are beyond measure.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Roosevelt. No one knows better than he that when he "repudiated" Communists who are working to overthrow our system, he repudiated something that no longer exists—officially. Wearing their false whiskers and fraudulent livery, they are all Democrats now, working for Mr. Roosevelt, and more dangerous now because disguised.

CONSIDERING these facts, it is not surprising that any Communist with even a rudimentary sense of humor should enjoy Mr. Roosevelt's "repudiation." Because, the fact is Mr. Roosevelt really could have denounced them, shown up their game, read them out of the Democratic party and still retained full support. But, Mr. Roosevelt did not denounce them. He didn't tell the truth about them. He didn't "repudiate" them. His words were weasel words and his statement not in the least on the level. His denunciations were reserved for those who present the provable facts about his Communist support. These he referred to as "political propagandists dragging red herrings across the trail of this election." These he called "labor baiters" and "bigots."

ALL of which makes worth recalling that a week before Mr. Roosevelt spoke, Chief Investigator Robert E. Stripling, of the special House committee on the un-American activities of the CIO-PAC, made a preliminary report in which he presented evidence "which makes it clear that the CIO-PAC is a by-product of the Communist party and that its program in certain sections is now being directed by well-known Communist leaders. Disregarding the Hillman denials, Mr. Stripling proceeds to name these Communist leaders and give their records. Of the 141 members of the PAC announced by Mr. Hillman, he stated that over 80 per cent had affiliations with the Communist party. He stated further that the PAC is not run by labor leaders but by former Administration jobholders, that the telephone records show an extraordinary number of White House calls by PAC agents and that in a number of cases the key men of the PAC are known Communists. All of these allegations were supported by data and all were presented a week before Mr. Roosevelt spoke. And, all were ignored.

IN HIS speech, Mr. Roosevelt tried to convey the impression, first, that he has no Communist support; second, that whatever he has is negligible; third, that any suggestion that he will profit by this support is wicked. The truth is the Communists are the most ardent, articulate and enthusiastic group supporting his candidacy and so far from being negligible as to numbers, all one need point out is—first, that the American Labor Party of New York is concededly Communist controlled; second, that the ALP is the most solidly voting unit in the country; third, that four years ago it cast 417,000 votes for Mr. Roosevelt; fourth, that Mr. Roosevelt carried New York over Mr. Wilkie by only 224,000 votes; fifth, that the minimum estimate of the ALP's vote this year is 450,000 and every one is a Roosevelt vote. Add that up and see if it is negligible. Add that up and see if the number of Communists is so small that they do not count in the election. Consider that they control 450,000 votes in our largest State with 47 electoral votes and then ask whether they are important politically. Without that vote Mr. Roosevelt could not have carried New York in 1940 and without it there would not be a chance of his carrying it on November 7. Add all that up and then ask who is drawing the red herrings across the trail.

Property situated in Bristol Township.

This tender to be used by you in connection with any other plans you have in view for the improvement of our water supply, and is open to the acceptance by the Borough up to December 31, 1944.

Very truly yours,
JOSEPH R. GRUNDY

The resolution unanimously adopted by council accepting the gift and expressing appreciation of council for it, is as follows:

Resolution of the Council of the Borough of Bristol accepting gift tendered by Honorable Joseph R. Grundy by deed of conveyance to the Borough of premises known as "Cold Spring Property," situated at Edgely, Bristol Township, Bucks County, Pennsylvania, and expressing appreciation of such gift.

Whereas, the Honorable Joseph R. Grundy has offered to give and present to the Borough of Bristol the tract of real estate and premises known as the "Cold Spring Property," late of the Estate of Nathan C. Lane, deceased, situate at Edgely, in the Township of Bristol, County of Bucks and State of

Pennsylvania, and by deed to convey and assure the same unto the said Borough to be used in connection and in conjunction with the further development, improvement and operation of the present water supply system of the said Borough, and

Whereas, the Honorable Joseph R. Grundy has heretofore exhibited his civic interest and regard for the welfare and progress of the Borough of Bristol by presenting to the said Borough as a gift valuable property and improvements aggregating many thousands of dollars, and

Whereas, such gifts were without expense to the tax payers and represented valuable additions to Borough owned property and which could not have been acquired by the said Borough without the expenditure of large amounts of the tax payers' money.

Now, Therefore, be it and it is hereby resolved by the Council of the Borough of Bristol:

Section 1. That the Borough of Bristol do accept the generous offer and tender of the Honorable Joseph R. Grundy of the conveyance of the said premises to the said Borough.

Section 2. That the said premises so conveyed to the said Borough shall be used in connection and in conjunction with the maintenance, development and operation of the water system of said Borough and the extensions thereof.

Section 3. That the Council of the Borough of Bristol in behalf of its members and of the said municipality, as well as in behalf of all the residents and citizens of the said Borough, do express unto the said Honorable Joseph R. Grundy its and their true and sincere appreciation of his generous gift which redounds so greatly to the benefit and advantage of the said Borough and the adjoining municipalities.

Section 4. That a copy of this Resolution signed by the President of Council, duly attested by the Secretary and approved by the Burgess shall be presented to the Honorable Joseph R. Grundy expressing to him our appreciation of his generous gift.

Resolution adopted at the Council Chambers of the Borough of Bristol this Ninth day of October, A. D. 1944.

Upon motion of Councilman Thomas Clark, a member of the Water Committee, the secretary of council was instructed to write a letter of appreciation to the Philadelphia Electric Company for the whole-hearted co-operation.

Police Committee reported 16 arrests with the cases disposed of as follows: Held for court, three; discharged, two; continued, two; fined, nine. Eight street lights were reported out during the month—Three doors were found unlocked and 16 lodgers were given shelter. Five were fined for "all-night" parking and the radio car answered 92 alarms and traveled 3,335 miles during the month of September.

Councilman Winter reported progress on the drafting of a curfew law. Senator James also informed council that he had written to a number of municipalities for copies of their curfew law but so that so far he was not satisfied with the copies received.

Charles Richman asked permission to have a sign hung in front of 313 Mill street. Request was referred to street and highway committee with power to act.

Councilman Clark informed council that the water supply committee five years ago had \$36,000 delinquent water accounts but that this sum had been reduced to \$1,000 at the present time. Mr. Spring, chairman of the committee, expressed his appreciation for the co-operation of the committee in seeing that this delinquent amount was so greatly reduced and he said that the members of the committee including Councilman Roche, Clark, Vandegriff and Pearson had met monthly, and had even seen some individuals personally in their efforts to collect the outstanding bills. "We were condemned by a number of people and came in for a lot of criticism but we feel as though we have done something for the benefit of all of the taxpayers of Bristol."

years was employed by Mr. Lane when Edgely residents were supplied with water by the company which operated the springs for 12 years, states that water was stored in a 5,000-gallon tank in Headley Manor. "The station pumped 400 to 500 gallons per minute without lowering the springs," he adds.

The water which has frequently been tested have proved particularly palatable and free from any contamination.

The water company ceased to exist when water lines from Bristol were extended to Edgely a few years ago.

The tract of land on which the springs are located, covers about 12 acres. A large house containing 14 rooms, still stands on the property, but is in a dilapidated condition. A barn and pump house also remain.

Mr. Lane, who owned the tract for years, died several years ago. The property was owned until recently by his estate, Mrs. Lane resides in Philadelphia.

Council Asks State To Fill In Part of Canal

Continued from Page One

Mr. Myers then presented the following resolution which was unanimously adopted by council:

Whereas, the use of the Delaware Division of the Pennsylvania Canal has ceased and been abandoned, and

Whereas, said canal is located in part in the Borough of Bristol extending from the line dividing the Township from the Borough of Bristol in the Sixth Ward to the Delaware River in the First Ward of the said Borough, and

Whereas, that portion of said canal from Beaver street to the Delaware River has become the receptacle of tin cans, garbage and debris so that the same is offensive to view and in odor, and

Whereas, the reason for the maintenance of said canal between the points above mentioned has long since ceased, and

Whereas, said canal is under the supervision, direction and control of the Department of Forests and Waters of the Commonwealth of Pennsylvania.

Now, Therefore, Be It and It is Hereby Resolved by the Council of the Borough of Bristol that the said Commonwealth of Pennsylvania, and the appropriate department thereof, be and it is hereby requested to fill in the said canal from Beaver Street in the said Borough of Bristol to the Delaware River and to keep the said canal clean and in a sanitary condition until such time as the same shall be so filled in.

Resolution adopted this Ninth day of October, A. D. 1944.

with "Tribute Trees" which will permit donors to honor the heroes of World War II, and other American wars; the great men and women of the country, both living and dead, or those personally dear to them.

Sixty-eight "Tribute Trees" have been donated or sponsored to date for planting in "Penn's Wood" by individuals, patriotic societies, Garden Clubs and organizations.

The planting has been naturalistic with sufficient space allowed for individual trees to attain their natural growth. In charge of planning is Dr. Edgar T. Wherry, professor of Botany at the University of Pennsylvania.

Mrs. Zantlinger expressed the hope that individuals and organizations in the State will continue planting memorial trees in "Penn's Woods" until all the 120 varieties of individual Pennsylvania trees shall be represented. Choice can be made of species in eight major groups, namely red cedar, hemlock, red maple, locust, swamp, sugar maple, oak and elm. All are carefully catalogued and marked with names of donors and those to whom the tree is dedicated. Large and small trees can be secured for \$25.00 and \$100.00 respectively which provides for planting and care for three years.

Among those attending the ceremony will be James A. Kell, Secretary of the Department of Forests and Waters.

plant of the Pacific Boiler Corporation.

Pvt. Reeves died September 15th of the wounds he received in France. A brother, Staff Sgt. George T. Reeves, 33, is now in the service being stationed at Hawaii. In addition to his brother, parents and one other brother, Pvt. Reeves is survived by six sisters.

He was a member of Hopkins Lodge, No. 89, I. O. O. F.; Bucks Lodge, No. 1169, Loyal Order of Moose and America Hose, Hook & Ladder Co. No. 2.

Mrs. Yolanda Brescia received word of her husband being missing in action and according to the telegram he has been missing in Germany since September 18th.

Brescia has a three-year-old son, James, Jr., who he has never seen.

The missing soldier is the son of Mr. and Mrs. Rosario Brescia, of 232 Franklin street. He was in the infantry and entered the service October 23, 1943, and went overseas in April of 1944. Previous

to entering the service Brescia was employed at the Bath Road plant of the Hunter Manufacturing Co.

EASTON—(INS)—War-time strikers were bluntly criticized by Sgt. John F. Check, former financial secretary of the United National

ton Social Organizations, in a letter from France. The soldier stated "if those strikers were to spend but 15 minutes in a war zone and see how much every piece of war material means, they would not attempt to strike."

Given Surprise Reception On Wedding Anniversary

The twenty-fifth wedding anniversary of Mr. and Mrs. Samuel Roberts, Oxford Valley Road, Bristol Township, was celebrated on Sunday. Miss Jean Roberts, daughter of Mr. and Mrs. Roberts, planned a surprise reception in honor of the occasion, which was held Sunday evening in the Travel Club Home, Cedar street.

A catered supper was served and 45 covers were laid. Beautiful cut flowers and autumn leaves decorated the room and a bowl of cut flowers were on each table. These were arranged by Mrs. Walter Pitzonka.

Mr. and Mrs. Roberts were assisted in receiving by Mrs. C. Irvin Horrocks, Washington Square, and Mrs. Walter Pitzonka, Oxford Valley Road. Mrs. Horrocks was bridesmaid at the wedding of Mr. and Mrs. Roberts, which was held in Lansdale 25 years ago.

Guests attending were from Bristol, Chalfont, Eureka, Riegelsville, Media, Philadelphia and Germantown.

Recorded music under the supervision of Mrs. Horace Smith, Bath Road, was enjoyed during the evening.

Mr. and Mrs. Roberts received many cards and beautiful gifts.

COMMUNICATION

Editor, Courier:
Perhaps I'm one of those that believed just like Mrs. C. M. John-

son in regard of entertaining war prisoners, but as a matter of keeping the fact and the record straight I would like to inform Mrs. Johnson and the Courier in particular, that the boys over there will never read about the banquet given in honor of the 35 prisoners of war, for the banquet was proposed but not given as stated in Mrs. Johnson's letter published in the Courier of Saturday, October 7th, and the cancellation of all plans for that proposed banquet was announced in your own Friday, October 6th Courier.

How to improve on

PERFECTION!

Boeing B-29 Superfortress

For years, 100-octane gasoline was considered the peak of perfection. But today's bombers and fighters are fueled with far more powerful gasoline—take off quicker, maneuver faster because of it.

Where did this extra punch come from? . . . How was perfection improved? Largely by blending CUMENE—the T.N.T. of fuel concentrates—with 100-octane.

CUMENE was just a scarce and costly chemical until Atlantic found an inexpensive way to make it in huge quantities. And Atlantic is the world's largest producer.

The research that helped give America this edge in the air will also bring you, through your Atlantic Dealer, a much more powerful, economical gasoline for your post-war car.

Cardinals Win Final Game and World Series

ST. LOUIS, Oct. 10.—Giving the plucky but outclassed Browns the coup-de-grace, the Cardinals rolled back the field yesterday afternoon with the ball game and the world's championship, theirs by a margin of four games to two.

Whatever dreams the Browns had of extending their first American League pennant into baseball's highest prize were ended to all intent and purpose in the fourth inning, when the Cards scored all the runs in their 3-to-1 victory.

The smallest crowd of the series saw the Red Birds win the club's fifth world championship. Totaling 31,630, the attendance comprised a gate of \$142,962, all of which was turned over to the War Relief and Service Fund, Inc.

Sgt. Joe Whitesell Is Killed In Action

NESHAMINY, Oct. 10.—Sgt. Joe Whitesell, son of Mr. and Mrs. Claire Whitesell, of Neshaminy and Miami Springs, Florida, was killed in action on Saipan on July 10, friends learned here today. His parents have a summer home here and live in Florida in the winter.

Sgt. Whitesell attended Doylestown high school as a freshman in 1939 and later moved to Florida, where he graduated from the Miami Edison high school. At Doylestown high he played the violin and saxophone in the orchestra and the band.

He was wounded at Tarawa, but not seriously. But when the invasion fleet was laying offshore in sight of the peaceful looking Saipan, Sgt. Whitesell volunteered when his commanding officer asked for an advance group. He had the habit, for he had volunteered for three previous invasions.

This is what a buddy of Sgt. Whitesell's wrote to a friend of his mother's in Neshaminy:

"It seems the Japs had a break through our lines and the Marines had trouble on their hands, so Joe started carrying water and ammunition right to the front line and he would carry a wounded man back to the aid station each trip. He got hit in the wrist first and they wanted him to stay back and take it easy, but all he said was they needed help. Our outfit is not trained for front line battle, except radio landing and he did not have to do this. But there was a job to be done and he did it in a wonderful way."

"Where he was hit again I don't know, but he was brought back to the aid station, then taken to the field hospital, where he never regained consciousness. Soon as I could I went to the cemetery, but they had already laid Joe away and I could not go in. I think his parents would like to know that Joe's officers put him in for the Silver Star; that's the next to the highest honor you can get. If anyone deserves it, Joe did."

Pvt. Archie Leach, Jr., Is Killed In France

SOUTHAMPTON, Oct. 10.—Mrs. Dorothy Leach, of this place, has received word from the War Department that her husband, Pvt. Archie Leach, Jr., 29, was killed in action in France on August 8, just two weeks after he arrived there and seven months after he entered the service.

Pvt. Leach was a step-brother of Lt. Walter L. Yerkes, aged 20, who was reported missing over Germany on January 19. Official notice of his death was received here on July 12. Lt. Yerkes was a son of Mr. and Mrs. W. Leroy Yerkes, of this place.

Born in this village, Pvt. Leach attended Upper Southampton High School, following which he assisted his step-father in the butchering business here. Later he was employed for about four years by Fleetwings, Inc., Bristol.

He entered the service last December, and received his training at Fort McClellan, Ala. He left for foreign service on June 21. His father is a resident of Somerton.

In addition to his widow, Pvt. Leach is survived by his mother, Mrs. Edna W. Yerkes, and three sisters, Mrs. John Hurst and Miss Doris Yerkes, of this place, and Mrs. Ella King, Philadelphia.

IT'S NEWS! DU PONT self-cleaning HOUSE PAINT

stays white!

Painting is essential today

These days, "make it last" is as important as "make it beautiful." That's why, when you paint, it's a good idea to get the best paint you can buy. Du Pont House Paint, for instance, Du Pont House Paint forms a beautiful, durable film—and guards the surface against rot, rust, decay.

Starts white—stays white

Moreover, Du Pont House Paint contains the whitest pigment known. Titanium dioxide—whiter than snow. So your house will start whitest-of-white, and stay that way. That's because...

It's self-cleaning

All paints collect dirt on exposure. But, with Du Pont House Paint, "self-cleaning" starts after a few months of normal weather conditions. A fine white powder forms on the surface. Heavy rains wash this away, carrying the dirt with it—leaving the newly exposed surface clean and white again! (Unusual climatic or dirt-collecting conditions in extremely sooty industrial communities may, of course, delay this process.) Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected. Despite this remarkable quality of Du Pont House Paint, it costs no more than other good paints.

DU PONT HOUSE PAINT \$3.35
in 5-gallon lots GAL.

► We will be glad to recommend a reliable painter. He knows how to do the job right, how much or how little paint to use. His skill means savings for you—and paint conservation for America.

Without Painful Backache
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BOLOGNA - RIMINI ROAD SHELLED BY HEAVY ARTILLERY

Ground Forces of 5th Army
Smash Closer to
Bologna

CAPTURE 4 TOWNS
Fifth Army Consolidates
Newly-Won Front-
line Positions

ROME, Oct. 10—(INS)—American Long-Tom artillery heavily shelled the German-held main Bologna-Rimini highway while round forces of the Fifth Army smashed closer to the city of Bologna today.

In limited advances along Highway 65 the Americans of Lieut. Gen. Mark W. Clark's army captured Anconella, Mont Castellazzi and Laveille and Barbarolo.

The Fifth Army forces consolidated newly-won front-line positions and British troops under command of Gen. Clark moved up to capture in important strategic hill and maintained attacks against German entrenchments on Mount Cece.

The British met strong resistance and beat down repeated German counter-attacks in which the Nazis suffered severe losses.

Negro and Brazilian troops continued steady pressure on their Fifth Army sectors, despite strong German reaction in the form of artillery and mortar fire.

The Nazis counter-attacked on both the Fifth and Eighth Army fronts in an effort to regain every successive position lost.

The weather interfered with air operations but some fighter-bombers and bombers were able to blast Nazi communications targets north of the battle area.

Medium night bombers attacked airfields in Athens, Greece, from which the Nazis were evacuating key army personnel.

UP-TO-PRESS-TIME WAR BULLETINS

(By International News Service)

CORINTH IS CAPTURED BY ALLIES

Rome—The Allied campaign to liberate the Peloponnese area of southern Greece was brought to a climax today with the capture of the historic city of Corinth.

Fall of the city to Allied land forces of the Adriatic presaged the imminent liberation of Athens.

Operations headquarters reported that the Germans were evacuating key army personnel from the Greek capital in the face of the swift advance of the Allies in co-operation with Greek patriot forces.

The Germans were attempting to take their army chiefs away from Athens by air.

In an effort to frustrate the evacuation of key army men the Mediterranean air force sent medium bombers over Athens during the night to hammer at airfields in the vicinity of the capital.

The Allied entry into Corinth met no opposition, headquarters said.

The Allied air forces at the same time gave continued support to land forces operating in Albania. Throughout yesterday they attacked targets in the Durazzo and Delvine areas.

Coastal aircraft plastered shipping in the northern Adriatic and one attack was made on Zara harbor where a 500-ton vessel was hit and set afire. Installations also were blasted.

2ND ARMY CAPTURES 78,681 PRISONERS IN FOUR MONTHS

Supreme Headquarters, Allied Expeditionary Force—An official communique from headquarters of Gen. Dwight D. Eisenhower disclosed today that British Second Army forces in France had captured 78,681 prisoners in the four months between D-Day and October 6, Canadian forces on the continent were credited with seizing 72,392 Nazis in the same period.

Council Likely To Spend
About \$7,500 For the
Recreation Tract

PLAN HOW TO USE IT

QUAKERTOWN, Oct. 10—Ten months' options have been taken on land which includes a number of properties which are to be used for playground purposes.

Borough council states that about \$7,500 may be spent on land between Front and Ninth streets on Mill street and a stretch on the south side of Licking Run. The tract is near the baseball diamond and the headquarters of the American Legion.

The Benner farm is included. Members of Council came to an agreement on the option on the Licking Run property following Elmer Harvey's recommendation from the joint recreation committee.

Work on the playground, it has been pointed out, will be done over a period of time so that no burden will result in financing or operating it. The project may be submitted to the public at a special election, probably this Fall.

MAY CONDUCT HOME BUYING COURSE HERE

Commerce Division of CED
Is Considering Such
A Project

OUTLINE IS GIVEN

The local Commerce Division of the Committee for Economic Development is considering the conducting of a class in "Building or Buying a Home," according to an announcement made this morning.

Since the purchasing of a home constitutes possibly the largest purchase the average family makes in a lifetime it should be something that is thoroughly investigated, is the belief of the Committee.

The course may include:

Finance—Collateral; loans; the building budget and the mortgage. Site—Location; restrictions; the title and deed.

Planning—Analysis of family requirements and a functional house plan.

Costs—Analysis of material, equipment, and construction costs. Construction—Drawings; specifications; the architect and contractor.

Contracts—Legal problems, insurance; the obligations of ownership.

Anyone interested in taking such a course is asked to write to the Commerce Division of the local CED, 241 Mill street, Bristol. Full particulars about such a course will be sent upon request. If enough people are interested plans can be completed for the course.

Mrs. Walter Winkelspeck, Cornwells Heights, is ill with tonsillitis.

Miss Elizabeth Basile Tendered A Shower

Miss Elizabeth Basile, 632 Spruce street, was the guest of honor at a surprise miscellaneous shower held Thursday evening in Beneficial Hall, Franklin street.

The affair was arranged by Miss Jennie Basile, Spruce street, Miss Mary Gallone, Logan street, and Miss Millie Mauro, Penn street. The hall was decorated in red, white and blue. In the center of the room suspended from the ceiling was a large umbrella trimmed in the same colors. Underneath the umbrella were gifts arranged on the floor.

Games and music were enjoyed during the evening and a delicious repast was served. About 60 guests were present from Bristol, Cornwells Heights and Trenton, N. J.

Mr. and Mrs. Delker were married October 8th, 1919, in the Methodist Church at Frankford by the late Rev. Howard E. Hand.

ATTORNEY GENERAL TO BE MAIN SPEAKER

Hon. James H. Duff to
Speak at "Penn's Woods"
Dedication Thursday

AT WASH. CROSSING

With the Attorney General of Pennsylvania, James H. Duff, as chief speaker, formal dedication ceremonies are scheduled at noon on Thursday for "Penn's Woods," an interesting new conservation project in Bowman's Hill State Wildflower Preserve at Washington Crossing State Park.

First formal outdoor program to be given in connection with the State-wide observance of the 300th anniversary of William Penn's birth on October 24th, the ceremony is sponsored by the Pennsylvania Conservation Council.

This newest development—"Penn's Woods"—which bears not only the Founder's name but that of the State, covers a 15-acre area within the 100 acre preserve where 12 Nature trails provide a year-round display of Pennsylvania's native flora, trees, shrubs and plants.

Symbolizing the famous Penn Treaty Elm and given by the Garden Club Federation will be an elm tree which is to be planted in Penn's honor at the dedication. Eventually this will be replaced by a cutting from a scion of the original Penn Treaty Elm now growing on the campus of Haverford College. The cuttings, taken with the permission of Haverford College authorities will be nurtured by Dr. J. R. Schramm of the Morris Arboretum until such time as they may be planted in Penn's Woods.

Presiding will be Mrs. C. C. Zant-zinger, Chairman of the "Penn's Woods" Committee, and Honorary President of the Pennsylvania Council. It was this group, known formerly as the Council for the Preservation of Natural Beauty in Pennsylvania which originally founded the Bowman Hill State Wildflower Preserve.

"Penn's Woods" with soil suitable for 100 or more varieties of shrubs and trees indigenous to Pennsylvania, is being planted now.

BUSINESSMEN AND THE NEW DEAL

(Doylestown Intelligencer, October 10th)

(Continued from Yesterday)

The status of tariff under the numerous Reciprocal Trade Agreements which have been signed by President Roosevelt and Secretary Hull is not one which can be fully appreciated by the American public until some months after the war.

Tariff protections have been greatly weakened. A free trade experiment is in the making. War conditions are having the effect both of obscuring the facts and preventing the bad effects.

American industry will need, during the post war period of reconstruction, the sympathetic help of a government determined that necessary protection to American output will be provided.

Protection of the American market is a job which, if not done by our own government, we can hardly expect to be done by any other government in the world.

The American market is the cornerstone of our industrial expansion. We are asking no more than we would grant to any other nation when we demand the right to save our own market for our own producers.

The Democratic theories on tariff have never worked successfully; they have resulted in panic wherever tried; no other foreign nation, including so-called "free trade" Britain, expects to throw open her own doors to unlimited foreign competition with the goods she makes.

A foreign trade policy built on the foundation of a protective tariff is a program which offers great hope of success and prosperity and international co-operation. The illusory promises of the New Deal of an international trade relationship in which there are no "barriers" and under which whomever wishes may sell what he likes wherever he pleases is only another New Deal experiment—different from its predecessors only in that the consequences of its failure will be even more grave.

G. The best proof that the New Deal does not propose to concern itself with the maintenance of sound national economy, sound national credit, and sound currency is contained in the extremely elaborate plans made by New Dealers for super-spending projects whereby artificial jobs will be the ones principally available for returning servicemen.

CIVIL SUITS OPEN AGAINST THEATRE HERE

Mrs. Geneva Marconi and
Her Husband Bring Action
Against Bristol Theatre

SELECT A JURY

DOYLESTOWN, Oct. 9—Questions of unusual legal interest are expected to arise in the civil court trial that got under way today before a jury and Judge Calvin S. Boyer in the case of Mrs. Geneva Marconi, 44, and her husband, Pasquale, of Hulmeville rd., Middletown township, against the Bristol Theatre Corporation, of Bristol.

The plaintiffs, represented by Attorney Edward G. Biester, are seeking damages for injuries received by Mrs. Marconi, and medical bills that had to be paid by her husband.

Opening to the jury, Attorney Biester outlined the case, stating that on the evening of November 13, 1942, about 6:50, the plaintiffs went to the Bristol Theatre, Radcliffe and Market sts., Bristol, to attend a moving picture show.

On the way in the theatre, Mrs. Marconi was struck on the head by an overhead metal door-stop that had become loose on the top of the swinging door. It is alleged that she was quite severely injured as a result and was knocked unconscious for a few minutes.

Mrs. Marconi claims that as a result of the head injury, she suffered a miscarriage several days later, and that she now has frequent dizzy spells. She claims that on January 8, 1943, while in a dizzy spell—caused by the door accident—she fell and broke a leg.

Attorney Biester stated that witnesses will be called, medical and otherwise, to testify as to the plaintiff's claim that the defendant was negligent and is responsible for all injuries that ensued as a result of the injury that occurred on Nov. 13, 1942.

The defendant is represented by Attorney Robert H. Grim, of Perkasie. Pasquale Marconi, husband of the other plaintiff, is a machinist by trade.

Members of the jury: Charles W. Carter, Cornwells Heights, foreman; Robert Cameron, Jr., Newportville; Elsie M. Burton, Fallsington; Ada S. Gallagher, Yardley; Hector C. Ivins, Morrisville RD 1; Calvin F. Diehl, Rigelsville; Elsie M. Ewing, Cornwells Heights; John R. Lauer, Southampton; Harriet M. Ingraham, Bristol RD 2; Herbert E. BOROUGH COUNCIL GIVEN COLD SPRING PROPERTY AT EDGELY FOR ADDITIONAL WATER SOURCE; BUYS 18 ACRES MORE

Cold Spring Property Donated to Borough by The Hon. Joseph R. Grundy—Council Authorizes Expenditure of \$12,000 for Adjoining Tract—Other Business Transacted by Bristol Borough Council.

Work of Developing New Source of Water Supply Started This Morning

Development of the Cold Spring property at Edgely, which was given to the borough by the Hon. Joseph R. Grundy, and the adjoining property purchased by Bristol Borough from the K and G Corporation, as a source of additional water supply for Bristol got under way this morning.

Borough Engineer, John S. Roberts, Jr., had a gang of men at work clearing the tract and doing some preliminary work.

It is planned to drill two test holes on the K and G property and three on the Cold Spring property.

The Cold Spring property has long been known for the excellence of spring water to be found thereon.

With the further development of the Bath property where four wells are now in operation Bristol's water supply will be greatly improved.

The springs at Edgely have quite a history. They were known for years as the Lenape Springs, in honor of the Indian tribe of that name.

There are several springs on the tract, located between Bristol Pike and the Delaware River, and which for many years was owned by Joseph Morwick, and later by the late Nathan C. Lane. One forms a pond covering about a half acre; and another is 12 feet in diameter. Other smaller springs fill small ditches with water which is carried off to the Delaware River.

COUNCIL ASKS STATE TO FILL IN PART OF CANAL

Requests That Waterway
Be Filled In from Beaver
Street to Delaware River

TO KEEP REST CLEAN

Borough council, last night, took action to have the canal adjacent here abated or at least the action taken tends toward that end.

Richard T. Myers, chairman of sanitation committee, told the members of council that members of his committee along with John S. Roberts, Jr., borough engineer, and two members of the Board of Health, had met with representatives of the Department of Forests and Waters of the Commonwealth of Pennsylvania and discussed the condition of the canal here and means of abating it as a nuisance.

He said that it was the request of the Commonwealth's representatives that borough council adopt a resolution asking the State to fill in the canal from Beaver street to the Delaware river.

"KILLING FEET"

American women are taken to task because of the punishment they inflict on their feet, by Dr. L. C. McGee, who recently prepared a treatise on how to have healthy feet for the American Medical Association to distribute. He says man calls on his two feet to do as much or more than an animal requires of four.

"When somebody moans, 'My feet are killing me,' that person is attempting to shift the blame. He or she is 'killing the feet,' says the doctor, for the 'shoe is on the other foot.' He calls women the worst offenders. They punish their feet by wearing shoes that fit too tightly or sacrifice comfort to style.

Listen at the end of a movie for shuffling when women try to put their shoes back on in a hurry without reaching down to handle them. Their feet had been "killing them," so they slipped their shoes off in the dark, the medical man asserts.

Six rules for caring for feet are given:

"1. Wash the feet daily with soap and lukewarm water. Dry them thoroughly.

"2. Brittle nails and callosities should be covered by ointment to aid softening.

"3. In the care of the nails, cleaning should be done with orangewood sticks. Cut nails only in good light and after a bath when the feet are clean. To avoid injury to the toes, the nails should be cut straight across and not too short.

"4. Overlapping toes, and toes that press closely together, should be separated by a soft material.

"5. One should wear shoes of soft leather which fit properly—that is, not too tight. It is poor economy to wear ill fitting shoes.

"6. Avoid strong, irritating antiseptics."

HONORING THE NURSES

A bill has been introduced by Republicans and Democrats in both branches of Congress to provide a memorial to honor Army and Navy nurses for their work in the war. The memorial would be a club in Washington to be used as headquarters for medical women of the armed services. Money for the project already is being subscribed privately, with the wives of many high-ranking officers in all branches of the service among the sponsors.

The co-operative interest of women related to members of the service reflects the appreciation which the armed forces feel for the patriotic women who volunteer their nursing services in the battle zone. The memorial proposal calls public attention to the splendid work performed by service nurses and the peremptory need of the combat forces for more of the same fine type of American womanhood in the nursing ranks.

The war for world freedom is in its crucial stages, and this means that casualties in the Allied ranks are steadily increasing. The comfort and solace which an American nurse can give a stricken soldier far from home are beyond measure.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Continued from Page One

Roosevelt. No one knows better than he that when he "repudiated" Communists who are working to overthrow our system, he repudiated something that no longer exists—officially. Wearing their false whiskers and fraudulent livery, they are all Democrats now, working for Mr. Roosevelt, and more dangerous now because disguised.

CONSIDERING these facts, it is not surprising that any Communist with even a rudimentary sense of humor should enjoy Mr. Roosevelt's "repudiation." Because, the fact is Mr. Roosevelt really could have denounced them, shown up their game, read them out of the Democratic party and still retained full support. But, Mr. Roosevelt did not denounce them. He didn't tell the truth about them. He didn't "repudiate" them. His words were weasel words and his statement not in the least on the level. His denunciations were reserved for those who present the provable facts about his Communist support. These he referred to as "political propagandists dragging red herrings across the trail of this election." These he called "labor baiters" and "bigots."

ALL of which makes worth recalling that a week before Mr. Roosevelt spoke, Chief Investigator Robert E. Stripling, of the special House committee on the un-American activities of the CIO-PAC, made a preliminary report in which he presented evidence "which makes it clear that the CIO-PAC is a by-product of the Communist party and that its program in certain sections is now being directed by well-known Communist leaders. Disregarding the Hillman denials, Mr. Stripling proceeds to name these Communist leaders and give their records. Of the 141 members of the PAC announced by Mr. Hillman, he stated that over 80 per cent. had affiliations with the Communist party. He stated further that the PAC is not run by labor leaders but by former Administration jobholders, that the telephone records show an extraordinary number of White House calls by PAC agents and that in a number of cases the key men of the PAC are known Communists. All of these allegations were supported by data and all were presented a week before Mr. Roosevelt spoke. And, all were ignored.

IN HIS speech, Mr. Roosevelt tried to convey the impression, first, that he has no Communist support; second, that whatever he has is negligible; third, that any suggestion that he will profit by this support is wicked. The truth is the Communists are the most ardent, articulate and enthusiastic group supporting his candidacy and so far from being negligible as to numbers, all one need point out is—first, that the American Labor Party of New York is concededly Communist controlled; second, that the ALP is the most solidly voting unit in the country; third, that four years ago it cast 417,000 votes for Mr. Roosevelt; fourth, that Mr. Roosevelt carried New York over Mr. Willie by only 224,000 votes; fifth, that the minimum estimate of the ALP's vote this year is 450,000 and every one is a Roosevelt vote. Add that up and see if it is negligible. Add that up and see if the number of Communists is so small that they do not count in the election. Consider that they control 450,000 votes in our largest State with 47 electoral votes and then ask whether they are important politically. Without that vote Mr. Roosevelt could not have carried New York in 1940 and without it there would not be a chance of his carrying it on November 7. Add all that up and then ask who is drawing the red herrings across the trail.

Borough is Given the Cold Spring Property at Edgely

Continued from Page One

This tender to be used by you in connection with any other plans you have in view for the improvement of our water supply, and is open to the acceptance by the Borough up to December 31, 1944.

Very truly yours,
JOSEPH R. GRUNDY

The resolution unanimously adopted by council accepting the gift and expressing appreciation of council for it, is as follows:

Resolution of the Council of the Borough of Bristol accepting gift tendered by Honorable Joseph R. Grundy by deed of conveyance to the Borough of premises known as "Cold Spring Property," situate at Edgely, Bristol Township, Bucks County, Pennsylvania, and expressing appreciation of such gift.

Whereas, the Honorable Joseph R. Grundy has offered to give and present to the Borough of Bristol the tract of real estate and premises known as the "Cold Spring Property," late of the Estate of Nathan C. Lane, deceased, situate at Edgely, in the Township of Bristol, County of Bucks and State of

Council Asks State To Fill In Part of Canal

Mr. Myers then presented the following resolution which was unanimously adopted by council:

Whereas, the use of the Delaware Division of the Pennsylvania Canal has ceased and been abandoned, and

Whereas, said canal is located in part in the Borough of Bristol extending from the line dividing the Township from the Borough of Bristol in the Sixth Ward to the Delaware River in the First Ward of the said Borough, and

Whereas, that portion of said canal from Beaver street to the Delaware River has become the receptacle of tin cans, garbage and debris so that the same is offensive to view and in odor, and

Whereas, the reason for the maintenance of said canal between the points above mentioned has long since ceased, and

Whereas, the said canal is under the supervision, direction and control of the Department of Forests and Waters of the Commonwealth of Pennsylvania,

Now, Therefore, Be It and It is hereby resolved by the Council of the Borough of Bristol:

Section 1. That the Borough of Bristol do accept the generous offer and tender of the Honorable Joseph R. Grundy of the conveyance of the said premises to the said Borough.

Section 2. That the said premises so conveyed to the said Borough shall be used in connection and in conjunction with the maintenance, development and operation of the water system of said Borough and the extensions thereof.

Section 3. That the Council of the Borough of Bristol in behalf of its members and of the said municipality, as well as in behalf of all the residents and citizens of the said Borough, do express unto the said Honorable Joseph R. Grundy its and their true and sincere appreciation of his generous gift which redounds so greatly to the benefit and advantage of the said Borough and the adjoining municipalities.

Section 4. That a copy of this Resolution signed by the President of Council, duly attested by the Secretary and approved by the Burgess shall be presented to the Honorable Joseph R. Grundy expressing to him our appreciation of his generous gift.

Resolution adopted at the Council Chambers of the Borough of Bristol this Ninth day of October, A. D. 1944.

Upon motion of Councilman Thomas Clark, a member of the Water Committee, the secretary of council was instructed to write a letter of appreciation to the Philadelphia Electric Company for its whole-hearted co-operation.

Police Committee reported 16 arrests with the cases disposed of as follows: Held for court, three; discharged, two; continued, two; fined, nine. Eight street lights were reported out during the month. Three doors were found unlocked and 16 lodgers were given shelter. Five were fined for "all-night" parking and the radio car answered 92 alarms and traveled 3,335 miles during the month of September.

Councilman Winter reported progress on the drafting of a curfew law. Senator James also informed council that he had written to a number of municipalities for copies of their curfew law but so that so far he was not satisfied with the copies received.

Charles Richman asked permission to have a sign hung in front of 313 Mill street. Request was referred to street and highway committee with power to act.

Councilman Clark informed council that the water supply committee five years ago had \$36,000 delinquent water accounts but that this sum had been reduced to \$1,000 at the present time. Mr. Spring, chairman of the committee, expressed his appreciation for the co-operation of the members of the committee including Councilman Roche, Clark, Vandegrift and Pearson had met monthly, and had even seen some individuals personally in their efforts to collect the outstanding bills. "We were condemned by a number of people and came in for a lot of criticism but we feel as though we have done something for the benefit of all of the taxpayers of Bristol."

Among those attending the ceremony will be James A. Kell, Secretary of the Department of Forests and Waters; R. Lynn Emerick, Director of the Bureau of Forests; Wilfred Bratton, Director of State Parks; Dr. R. C. Magill, Superintendent of the Washington Crossing Park Commission and Stanley R. Yarnall, Secretary of the William Penn Tercentenary Committee.

Attorney General Duff and other guests will be entertained at luncheon at the Logan Inn, New Hope, by the Penns Woods Committee at the conclusion of the ceremony.

Serving on the "Penn's Woods" Committee with Mrs. Zantinger are J. W. Adams, E. F. Brouse, Samuel W. Baxter, Herbert Bowen, Mrs. R. Lynn Emerick, Mrs. Leon Hutton, Dr. Edgar T. Wherry, Dr. R. C. Magill, H. Gleason Mattoon, Dr. E. E. Wildman, W. W. Heintsh, and the following, ex-officio—Mrs. Humbert Borton Powell, Mrs. Linwood R. Holmes and Mrs. Abram B. Ross.

One Soldier Died and One Reported Missing

Continued from Page One

Pvt. Reeves died September 15th of the wounds he received in France. A brother, Staff Sgt. George T. Reeves, 33, is now in the service being stationed at Hawaii. In addition to his brother, parents and one other brother, Pvt. Reeves is survived by six sisters.

He was a member of Hopkins Lodge, No. 89, I. O. O. F.; Bucks Lodge, No. 1169, Loyal Order of Moose and America Hose, Hook & Ladder Co., No. 2.

Mrs. Yolanda Brescia received word of her husband being missing in action and according to the telegram he has been missing in Germany since September 18th. Pvt. Brescia has a three-year-old son, James, Jr., who he has never seen. The missing soldier is the son of Mr. and Mrs. Rosario Brescia, of 232 Franklin street. He was in the infantry and entered the service October 23, 1943, and went overseas in April of 1944. Previous

to entering the service Brescia was employed at the Bath Road plant of the Hunter Manufacturing Co.

EASTON—(INS)—Wartime strikers were bluntly criticized by Sgt. John F. Check, former financial secretary of the United Northampton Social Organizations, in a letter from France. The soldier stated "If those strikers were to spend but 15 minutes in a war zone and see how much every piece of war material means, they would not attempt to strike."

We thank Thee for the good things of this life, for food and raiment and shelter; for work to do and zest in the doing of it. We thank Thee for the perpetual touch of the divine in life, for the image of Thyself in the soul of man; for the vigour of youth, the wisdom of age, and for all the lessons of Christian experience. Pledge us our sins through Jesus Christ our Lord. Amen.

Mrs. Minnie Bevan, Dorance street, is visiting friends in Larchmont, N. Y., this week.

Given Surprise Reception On Wedding Anniversary

The twenty-fifth wedding anniversary of Mr. and Mrs. Samuel Roberts, Oxford Valley Road, Bristol Township, was celebrated on Sunday. Miss Jean Roberts, daughter of Mr. and Mrs. Roberts, planned a surprise reception in honor of the occasion, which was held Sunday evening in the Travel Club Home, Cedar street.

A catered supper was served and 45 covers were laid. Beautiful cut flowers and autumn leaves decorated the room and a bowl of cut flowers were on each table. These were arranged by Mrs. Walter Pitzonka.

Mr. and Mrs. Roberts were assisted in receiving by Mrs. C. Irvin Horrocks, Washington Square, and Mrs. Walter Pitzonka, Oxford Valley Road. Mrs. Horrocks was bridesmaid at the wedding of Mr. and Mrs. Roberts, which was held in Lansdale 25 years ago.

Guests attending were from Bristol, Chalfont, Eureka, Riegelsville, Media, Philadelphia and Germantown.

Recorded music under the supervision of Mrs. Horace Smith, Bath Road, was enjoyed during the evening.

Mr. and Mrs. Roberts received many cards and beautiful gifts.

COMMUNICATION

Editor, Courier:
Perhaps I'm one of those that believed just like Mrs. C. M. John-

son in regard of entertaining war prisoners, but as a matter of keeping the fact and the record straight I would like to inform Mrs. Johnson and the Courier in particular, that the boys over there will never read about the banquet given in honor of the 35 prisoners of war, for the banquet was proposed but not given as stated in Mrs. Johnson's letter published in the Courier of Saturday, October 7th, and the cancellation of all plans for that proposed banquet was announced in your own Friday, October 6th Courier.

Truly yours,
LOUIS MONTI.

Stormy weather ahead for many cars!

Keep your car up to par with Studebaker service

AMERICA'S third war winter is approaching. Don't take chances with your car.

Before winter gets well started, many war-weary cars will run into stormy weather of their own making.

They'll falter and then fold up completely because somebody neglected to give them the right kind of care in time.

Have your car expertly inspected now. Make an appointment with the nearest Studebaker dealer. Assure yourself of "smooth sailing" through the months ahead. Studebaker's More Mileage Service saves tires, gas, cars.

How to improve on PERFECTION!

Boeing B-29 Superfortress

For years, 100-octane gasoline was considered the peak of perfection. But today's bombers and fighters are fueled with far more powerful gasoline — take off quicker, maneuver faster because of it.

Where did this extra punch come from? ... How was perfection improved? Largely by blending CUMENE — the T.N.T. of fuel concentrates — with 100-octane.

CUMENE was just a scarce and costly chemical until Atlantic found an inexpensive way to make it in huge quantities. And Atlantic is the world's largest producer.

The research that helped give America this edge in the air will also bring you, through your Atlantic Dealer, a much more powerful, economical gasoline for your post-war car.
